It's variety of lessons and space to learn and play.

I like that this school is an academy and strict so children learn well.

Friendly teachers and very welcoming.

The teachers are kind and supportive they're always willing to help anytime they needed help.

This school would be even better if:

If breakfast club the last entry could be 8:20 AM.

To do more personal development learning by doing things like boosters or after school classes so children can be better academically.

There was better communication between the office and parents signing consent forms.

More equipment.

I am not so sure I think everything is fine.

After school clubs Monday to Friday.

Make space in the classroom.

The children's food became a little more varied and the toilets were better.

Keep doing the great things it is already doing.

If they can learn which lyrics and songs this is a tradition in many European countries. If Lunch would be 10 minutes longer for having enough time for food and the food would be better quality. After school club until 5:00 PM. It is not helpful for parents who work to not have one.
