

Science - Evolution and Inheritance

St Francis RC Primary School

Year 6 – Evolution and Inheritance

- Know that living things produce offspring of the same kind.
- Know that fossils give us evidence of what lived on earth millions of years ago.
- Know that plants and animals have characteristics which make them suitable to their environment which they live in.

We investigate the following...

- Is there a pattern between the size and shape of a bird's beak and the food it will eat?
- How have our ideas about disease and medicine changed over time?

Year 6 – Key Vocabulary

Evolution

offspring

inherited characteristics
